

DEUTSCHE POST WORLD NET

The world's leading logistics group, Deutsche Post World Net – through its integrated Deutsche Post, DHL, and Postbank companies – offers tailored solutions for the management and transportation of goods, information, and payments. The group operates through a global network combined with local expertise. One of the world's biggest employers, with 500,000 staff, the group generated 2005 revenues of €45 billion.

AT A GLANCE

Key Challenges

- Streamline time entry and ensure time reporting compliance
- Improve budget monitoring
- Implement leave management business processes
- Enhance organizational management

Project Objectives

- Time management: Use Microsoft Outlook calendar for SAP time reporting and streamline time entry while ensuring time reporting compliance
- Budget monitoring: Receive SAP® reports via Microsoft Outlook and work with them offline, allowing managers to monitor the budget effectively by being alerted proactively to time-critical information
- Leave management: Add leave requests as calendar items integrated with SAP approval guidelines and business-defined processes
- Organization management: Provide up-to-date information about employees, open positions, and organizational structures by integrating SAP human resources functionality with Microsoft Outlook contact features and enable easy access to other Microsoft Office documents

Why Duet?

Enables increase of company-wide access to core applications and data with low entry-level training for occasional users

Key Benefits

- Provide input for product strategy and road map, as well as product design and implementation
- Enjoy priority status to participate in future preview programs of Duet™ software
- Receive guidance and direct support via dedicated project contact and from product team members at both SAP and Microsoft
