

Maria Codipietro

Managing Director, SAP Labs Montreal & Toronto

Maria Codipietro is the Managing Director of SAP Labs Montreal and Toronto, a subsidiary of the world's leading provider of business software.

As well as managing daily operations at SAP Labs Montreal and Toronto, Maria is also responsible for maintaining and building relationships in the Canadian software industry ecosystem, which includes government agencies, universities, research centers and local partners. She also oversees new investments as more partnerships are formed with the Canadian research community through SAP Research.

Before joining the German Group in 2007, Maria was chief information officer at Equifax Canada where she was responsible for all Equifax Canada systems, development, and systems-support activities. She also held leadership roles in a variety of organizations in the financial services sector.

A graduate of McGill University in Montreal, Maria has more than 30 years of information technology experience. She speaks Italian, French, and English, and resides in Montreal.
