# SAP中国研究院

SAP中国研究院正式成立于2003年11月20日，它的前身是SAP中国研发中心，诞生于1997年。作为SAP全球八大研发中心之一，SAP中国研究院在为全球、亚太地区及中国市场设计、研发和交付领先产品方面发挥着关键作用。从产品研发、升级到后期技术支持，SAP中国研究院的活动贯穿于产品研发的整个生命周期。目前，SAP中国研究院主要致力于为中小型企业、财务管理、人力资源管理提供最佳解决方案和进行NetWeaver的研发。

作为一家战略研发中心，SAP中国研究院已经成为了增长最快的SAP分支机构之一，仅在2004年一年，员工增长率就达两倍，到2005年底，人数已经超过500人，晋升为SAP第五大研发中心。SAP中国研究院的研发人员在软件行业的平均经验都在四年以上，他们大多数为中国员工，也有一些来自德国、澳大利亚、美国和亚洲其他国家。这种文化多样性的人员配置使SAP中国研究院在技术和产品方面始终保持着创新和领先。随着位于上海浦东软件园的全新的SAP中国研究院建筑群的落成以及位于成都的SAP全球研发服务中心的建立，2006年SAP中国研究院将进一步加强其对区域和本地市场的承诺，并继续保持高速增长，计划到2008年达到1500人左右的规模，持续成为世界一流的研发中心。

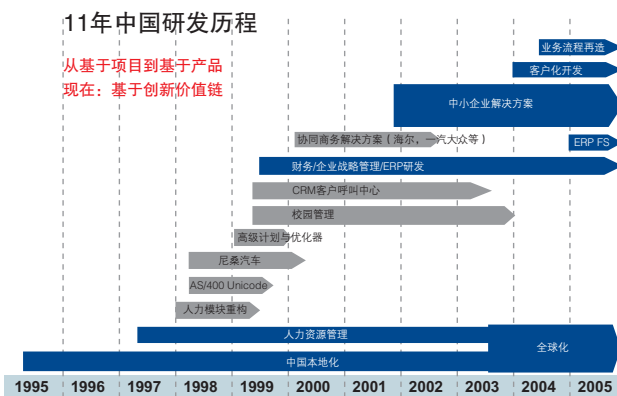

SAP在中国

在本地和全球市场上，SAP中国研究院的管理层不仅拥有多年的研发经验和雄厚的技术背景，还与SAP其他机构和各个行业都有着广泛而密切的合作。他们为该研究院注入了先进的研发管理理念和非常专业的行业知识，包括汽车、高科技、消费产品、流程制造业、金属制造业，并涉及ERP企业应用，如供应链管理、客户关系管理等。

通过不断的知识完善、创新以及在人员和技术方面的投资，SAP中国研究院研发的解决方案将使SAP的全球客户能够改善他们的业务流程，实现他们的目标。作为亚洲的解决方案和技术中枢，SAP中国研究院将以SAP和客户为中心来研发各种企业解决方案并提供相关技术服务，充分利用建立在高标准SAP基础之上的本地和全球最佳实践。

SAP中国研究院正处在从SAP中国制造到中国创造的转型中，以便更好的支持SAP在中国市场上的巨大成功。凭借本地良好的技术和商业环境，丰富的本地人才资源，以及众多经验丰富的各行业的专家和高水平的管理团队，SAP中国研究院无论在本地还是全世界范围内，特别是在企业管理软件领域，成为了无可置疑的世界级的研发中心。

SAP中国研究院全面致力于对市场客户的投入，其奋斗目标是与客户实现共同成长。

# SAP Labs China

Founded in 1997, SAP Development Center China was later officially established as SAP Labs China on November 20, 2003. As one of the eight SAP global Research and Development Centers, it plays a key role in design and development, as well as leading products delivery for global, Asia Pacific and China markets. SAP Labs China provides end-to-end product development, specifically focusing on small and mid-size businesses, financial and human resource management and Netweaver development.

As a strategic R&D center, SAP Labs China has become one of the fastest growing subsidiaries of SAP. Within 2004 alone, employee growth rate doubled. By October 2005, SAP Labs China became the fifth SAP R&D center with over 500 employee. With the on-going construction of the new campus located in Shanghai Pudong Software Park and the launch of SAP Global Service Center Chengdu, SAP Labs China will further strengthen its commitment to the regional and local market, while maintaining a high-speed growth rate. It also plans to increase the employee staff to 1500 by 2008 and sustain its position as a world-class R&D center.

**SAP in China**

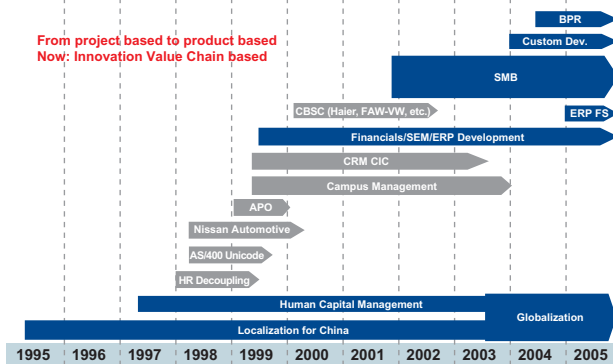

Labs China also acts as a regional technology and solution center supporting fast growing markets across Asia, including Australia, China, Japan, Korea, New Zealand and India. As part of SAP's worldwide network of R&D operations, SAP Labs China collaborates closely with other SAP research facilities around the world as well as with SAP's global field operations, partners and customers.

By creating knowledge, encouraging innovation, and investing in people and technology, SAP Labs China develops solutions that enable its customers to improve their business processes and achieve their business objectives. As a solution and technology center in Asia, SAP Labs China utilizes local and global best practices to develop comprehensive business solutions that aligns with SAP's high standard of practice and delivery.

Labs China is in the evolution from 'Made in China' to 'Invented in China' to support SAP's success in this market while fully utilizing the huge local talent pool which is strong in both of technology and business area. With its outstanding IT workforce, seasoned industry experts and a highly experienced management team, SAP Labs China excels in an unmatched position among global and local R&D centers, especially in the business software industry.

Through its considerable efforts on research, continuous learning, innovation, and investment in human resources and technology, SAP Labs China ensures its promising future. As the solution and technical support axis in Asia, SAP Labs China is fully committed to the local and global market, and aims to grow together with its customer's successes.

## 11 Years Development in China

SAP Labs China focuses on software development for small and midsize enterprises (SMEs) with R&D work that encompasses the entire product life cycle from market research through prototyping, development, rollout and support. Concepts originated by SAP Labs China-such as the SAP Best Practices Baseline Package of implementation procedures, documentation and preconfiguration settings, and the recently developed toolkit for the SAP Safe Passage program-have gone on to become mainstream offerings used by SAP customers around the world.
