# SAP Financing - Success Stories

“SAP and Siemens Financial Services have created a fast, hassle-free, sound financial plan, and a customized implementation concept that addresses both our budgetary and business needs with a viable solution.”

*Manfred Schorn, Head of Finance Service Unit  
Raiffeisen Waren Zentrale Rhein-Main eG  
Germany*

“While we as a Group are not well known, SAP Financing quickly gathered an understanding of our size and diversified commercial mix, within a short timeframe packaged together a finance solution that fit our investment expectations.”

*Don Patterson  
Financial Controller  
Coote Engineering  
Australia*

"As a result of our cooperation with SAP and Siemens Financial Services, we are in a position to offer our customers a financing service alongside the SAP Business One SME software solution. This financing service is a meaningful and attractive additional service that complements our offering."

*Ulrich Heep, CEO  
Straton IT-Consulting AG  
Germany*

“The customer’s CEO took home with him all the financing quotations to read over the weekend. He was back in the office on Monday morning with one clear decision: SAP Financing.”

*Qean-Francois Guenaud  
GTI Industries  
SAP Business One Partner  
France*

L'innovation au cœur de votre production

## How does SAP Financing work?

“Financing - a sales tool to increase turnover,  
with better profit margins & shorter lead times”
