

SAP Customer Profile Telecommunications

T-2

Telecommunications start-up T-2 d.o.o., based in Ljubljana, Slovenia, engaged SAP® Consulting to implement the SAP Best Practices Baseline Package offering, putting in place the methodology, documentation, and preconfigured business scenarios to realize a rapid, reliable deployment and a quick return on investment.

AT A GLANCE

Key Challenges

- Tight budget and time constraints
- Simultaneous business start-up responsibilities

Project Objectives

- Implement and test solution and train users within 100 person-days
- Interface to third-party billing system
- Migrate vendor, customer, material, and asset information data

Why SAP® Solution

- Valued partner
- Leading enterprise resource planning supplier with more than 30 years of proven performance and results
- Prepackaged software and best-in-class services help contain costs and expedite implementation

Implementation Highlights

- Realized rapid deployment using SAP® ASAP Focus methodology
- Obtained quick ROI through preconfigured materials management, sales and distribution, controlling, and financial accounting business scenarios

Key Benefits

- Reduced time and costs by more than 30% through usage of SAP Best Practices offerings
- Lowered implementation risk by working with knowledgeable and experienced implementation partner
- Decreased total cost of ownership through predefined business scenarios, testing protocols, and thorough training
