Sybase 365® Brand Mobiliser (Perpetual) (all editions, all platforms) ("Program")

IN ADDITION TO THE LICENSE TERMS SET OUT IN THE SYBASE LICENSE AGREEMENT, THE FOLLOWING ADDITIONAL OR DIFFERENT RIGHTS AND ACCOMPANYING OBLIGATIONS AND RESTRICTIONS SHALL APPLY TO THE PROGRAM FOR WHICH YOU HAVE PURCHASED A LICENSE.

The Program may contain or be provided with component software products from both Sybase and third parties. Except as set forth below, use of all components is limited to use in the same manner and capacity for which the Program as a whole is licensed. Additional licenses for Sybase components may be available from Sybase for a fee.

I. Internal Development License. The Brand Mobiliser Program includes a web composer tool. The Brand Mobiliser Program license includes a five (5) Seat development license for the web composer tool. The 5-Seat development license for the web composer tool may be used by licensee internally to develop and test plug-in applications for use solely by Licensee with Brand Mobiliser.

II. Warm Stand-by Restrictions.

The use of copies of the Program for "Warm Stand-by" purposes is permitted, subject to the following restrictions: Copies of the Program used for Warm Stand-by purposes shall be limited to use at a maximum of two (2) additional geographic locations on a Machine(s) running the same operating system as the Machine(s) used in production. A Warm Stand-by Program is a copy of a Program (i) that is loaded onto a Machine in order to provide a Warm Stand-by for another copy of a version of such Program then in use on another Machine(s) ("Production Copy"), (ii) that is not being accessed or used in production by Customer at the same time as the Production Copy. In the event of a failure of the Production Copy, Customer may access the data from and/or otherwise utilize the Warm Stand-by Program in a production environment until such time as the failure of the Production Copy is resolved.

III. Free Download Components. The Program, including any Developer Components and Restricted Use Components provided with it, may include certain third party open source and other free download components ("Free Download Components"). You may have additional rights in the Free Download Components that are provided by the third party licensors of those components. The Free Download Components and any such third party licenses and third party-required notices for the Program are identified at <http://www.sybase.com/thirdpartylegal> (third party licenses and notices for Free Download Components included as part of the Developer Components and Restricted Use Components are identified under the names of those products). Any obligations undertaken by Sybase in the Agreement relating to the Free Download Components as part of the Program are provided by Sybase alone, and not by the third party licensors of the Free Download Components. **A. FURTHER DISCLAIMER OF WARRANTIES AND LIABILITIES.** The Free Download Components are provided "AS IS" by the third party licensors, who disclaim all liabilities, damages (even if they have been advised of the possibility of such damages), warranties, indemnities and other obligations of any kind, express or implied, with regard to the Free Download Components. Nothing in the foregoing affects any performance warranty provided by Sybase with regard to the Program as a whole. **B. DISCLAIMER OF INDEMNITIES.** The Free Download Components are excluded from any indemnity provided by Sybase or its subsidiaries in the Agreement.
