

## PRODUCT SPECIFIC LICENSE TERMS

### **Adaptive Server® Enterprise v15.0.x (all editions, all platforms) ("Program")**

IN ADDITION TO THE LICENSE TERMS SET OUT IN THE SYBASE LICENSE AGREEMENT, THE FOLLOWING ADDITIONAL OR DIFFERENT RIGHTS AND ACCOMPANYING OBLIGATIONS AND RESTRICTIONS SHALL APPLY TO THE PROGRAM FOR WHICH YOU HAVE PURCHASED A LICENSE.

The Program may contain or be provided with component software products from both Sybase and third parties. Except as set forth below, use of all components is limited to use in the same manner and capacity for which the Program as a whole is licensed. Additional licenses for Sybase components may be available from Sybase for a fee.

#### **I. Limitations on Use of the Developer's Edition and Small Business Edition of Program.**

**A. Developer's Edition.** The developer's edition of the Program is licensed for internal development and testing purposes only. Deployment licenses for any purpose (including, without limitation, usage in a general production environment or on a web server) must be purchased from Sybase before you deploy any production components contained in the Program.

#### **B. Small Business Edition.**

**(i) Core/Processor Licenses.** The small business edition of the Program is limited to use on a single Machine with a maximum capacity (as specified by the manufacturer) of four (4) Cores. Additionally, the small business edition of the Program is limited to use by a maximum of two hundred fifty-six (256) Concurrent Users connected across an instance of the program running no more than four (4) Processes, where "Process" means an execution environment scheduled onto physical CPUs.

**(ii) Chip Licenses.** The small business edition of the Program is limited to use on a single Machine with a maximum capacity (as specified by the manufacturer) of two (2) Chips. Additionally, the small business edition of the Program is limited to use by a maximum of two hundred fifty-six (256) Concurrent Users connected across an instance of the program running no more than eight (8) Processes, where "Process" means an execution environment scheduled onto physical CPUs.

#### **II. Additional Definitions that Apply to the Program**

**A. "Chip License", or "CH"** – The limited right to install the Program on a Chip and to Use such Program in a production environment.

**B. "Chip Development and Testing License" or "DH"** – The limited right to install the Program on a Chip and to Use such Program for development and testing purposes only and not in a parallel production environment. See "Chip" and "Chip License".

**C. "Chip Standby License" or "SH"** - The limited right to access and Use a Standby Copy of a Program licensed under a Chip License in the event of an interruption of a production copy of the same Program. See "Chip", "Chip License".

**III. Minimum Seat or Concurrent User Requirement for Server License (Enterprise Edition Only).** The purchase of a Server License for the Program for Use on any Machine must be accompanied by the purchase of at least twenty (20) Seat or Concurrent User licenses per Processor for each Processor contained on the Machine. For the avoidance of doubt, the minimum Seat or Concurrent User requirement shall also apply to any additional Processors added to the Machine in the future.

**IV. Terms Applicable to Multi-core Eligible License Types and Machines.** For multi-core eligible license types and Machines, the List Price shall be determined by applying the Multi-core Scaling Coefficient to the License and Support price.

**V. Sybase Developer Components/Distributable Components/Sample Code.** The Program contains or is provided with the Developer Components identified below. The Developer Components are licensed without further charge for Use by one Standalone Seat for development purposes only. Use and distribution of the Developer Components and/or the Distributable Components of the Program (as specified in and subject to the limitations in the Documentation) is permitted without charge. You may use and modify the source code version of those portions of the Program and/or the Developer Components that are provided as sample code (if any) for your internal use only.

**VI. Free Download Components.** The Program, including any Developer Components and Restricted Use Components provided with it, may include certain third party open source and other free download components (“Free Download Components”). You may have additional rights in the Free Download Components that are provided by the third party licensors of those components. The Free Download Components and any such third party licenses and third party-required notices for the Program are identified at <http://www.sybase.com/thirdpartylegal> (third party licenses and notices for Free Download Components included as part of the Developer Components and Restricted Use Components are identified under the names of those products). Any obligations undertaken by Sybase in the Agreement relating to the Free Download Components as part of the Program are provided by Sybase alone, and not by the third party licensors of the Free Download Components. **A. FURTHER DISCLAIMER OF WARRANTIES AND LIABILITIES.** The Free Download Components are provided “AS IS” by the third party licensors, who disclaim all liabilities, damages (even if they have been advised of the possibility of such damages), warranties, indemnities and other obligations of any kind, express or implied, with regard to the Free Download Components. Nothing in the foregoing affects any performance warranty provided by Sybase with regard to the Program as a whole. **B. DISCLAIMER OF INDEMNITIES.** The Free Download Components are excluded from any indemnity provided by Sybase or its subsidiaries in the Agreement.

**VII.** Customer agrees to apply and/or install any notes, corrections, patches, service packs and other software updates for Adaptive Server® Enterprise v15.0.x (all editions, all platforms) as soon as reasonably possible after they have been provided by Sybase or SAP in its sole discretion and to follow any advice given by Sybase or SAP with respect to the operation of the software.
